

DEPARTMENT OF SOCIAL WORK
GDC BARAMULLA

Social work as a subject at under-graduate level was introduced in the year 2016 in order to fulfil the growing demand of students to develop into social work professionals. The department is working hard to realize the dream to make social work as one of the leading subjects in the arena of helping professions. The aim of introduction of social work as a subject is to train students for case work, group work, community work, social welfare administration and social work research. We aim to develop thinking individuals that understand and strive to improve the lives of people in the society. This discipline helps to develop skills among students which include communication, problem solving, empathy, team work and time management.

Intake : 40 students

Faculty

Amira Wali (Asst. Professor and Head, Dept. of Social Work)

a.nuepa10@gmail.com

The departmental resources include library material over 200 books on diverse topics concerning social work including encyclopaedias and e-content material (Videos and academic scripts), as well. The classrooms are equipped with Interactive Boards that enhance the teaching learning process. Seminars, discussions and workshops are a regular occurrence for wholistic development of the social work students.
