

Section A: Objective Type Questions

Q1. Choose the appropriate Answer: (8x1.5=12)

- i. Which of the following is NOT a primary objective of environmental education?
A Awareness B Knowledge
C Skills D Industrialization
- ii. The concept of sustainable development emphasizes:
A Maximum utilization of resources B Conservation of resources for future generations
C Economic development only D Industrial growth without considering environmental impact
- iii. The primary cause of environmental degradation is:
A Natural disasters B Human activities
C Animal activities D Solar radiation
- iv. The Green House Effect is primarily caused by:
A Water vapor B Ozone
C Carbon dioxide D Nitrogen
- v. Which of the following is a consequence of the depletion of the ozone layer?
A Reduced UV radiation B Increased UV radiation
C Lower global temperatures D Increased oxygen levels
- vi. Which of the following best describes the importance of water resources in India?
A Agricultural irrigation B Drinking water supply
C Hydropower generation D All of the above
- vii. Which of the following acts was enacted to prevent and control air pollution in India?
A The Water (Prevention and Control of Pollution) Act of 1974 B The Air (Prevention and Control of Pollution) Act of 1981
C The Environment (Protection) Act of 1986 D The Energy Conservation Act, 2001

viii. The Chipko Movement is primarily associated with

- A Forest conservation B Water conservation
C Wildlife conservation D Soil conservation

Section-B: Descriptive Type Questions (Short Type)

Q2: Answer all the Questions (8 x 4 =32)

- i. What is the need for environmental education in today's world?
- ii. Define the scope of environmental education.
- iii. Describe the importance of forest resources in India.
- iv. How do human activities affect the environment?
- v. Explain the causes and consequences of environmental pollution.
- vi. What is the Green House Effect and what are its remedial measures?
- vii. Discuss the implications of acid rain on the environment.
- viii. What are the key objectives of the Environment (Protection) Act of 1986?

Section – C: Descriptive Type Questions (Medium Type)

Answer all the questions: (4 x 7=28)

- Q 3.** What is Environmental Education? Discuss its need and importance?

OR

Discuss the objectives and scope of Environmental Education?

- Q 4.** Briefly elaborate the causes and consequences of

OR

Write a brief note on Acid Rain?

Q 5. Discuss how human activities are affecting the environment?

OR

Elaborate the salient features of environmental awareness through education?

Q6. Discuss the salient features of the Water (Prevention and Control of Pollution) Act, 1974.

OR

Give a brief account of the Energy Conservation Act, 2001.

Section – D: Descriptive Type Questions (Long Type)

Answer any two of the following: (2 x 14=28)

- Q 7.** Discuss the nature, need, and importance of environmental education, highlighting its objectives and scope.
- Q8.** Explain the causes and consequences of environmental degradation and the role of environmental education in mitigating these issues.
- Q 9.** Analyze the effects of human activities on the environment and the importance of environmental awareness through education.
- Q 10.** Describe the major environmental legislations in India and their significance in environmental protection.
